Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Tuesday 17 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with patchy light rain and drizzle, mainly northern areas.

Today:
Occasional light rain and drizzle, most likely this afternoon for areas north of London and also across Kent. Many places will remain dry, but also cloudy with only limited bright spells. Breezy, especially along the coast. Maximum temperature 21 deg C (70 deg F).

Tonight:
Overcast with the wind easing light, and patchy light rain and drizzle becoming more widespread across the region, although some places may remain dry. Minimum temperature 13 deg C (55 deg F).

Wednesday:
Generally cloudy but becoming dry, as most of the initial patchy light rain and drizzle gradually dies away. Some bright spells may develop. Feeling slightly warmer with lighter winds. Maximum temperature 21 deg C (70 deg F).

Outlook for Thursday to Saturday:
Thursday showers spreading east, becoming heavy at times with a chance of thunder. Friday mainly dry and cloudy, some bright spells. Sunny spells Saturday, perhaps heavy showers later, rather warm.
